STATEMENT

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

I: A Reissue (10-285845) application to replace Patent no. 6,170,281 was filed on Nov.01,2002, with the appropriate fees and all subject matter prosecuted by the patentee, at considerable expense to the patentee who works as an apartment maintenance man. The Reissue application has been successfully prosecuted to the point where the examiner Chen-Wen Jiang has sent the patentee an office action allowing the new claims and he did not find a single fault with the prosecution of said Reissue Application. II: Chen-Wen Jiang, said examiner allowed all of the new claims and voided the two original claims of said 6,170,281, thereby nullifying the original patent.

III: Chen-Wen Jiang ordered the patentee to surrender the original patent, 6,170,281 back to the Patent Office, which the patentee did immediately!

IV: Webster's dictionary defines the word surrender, as, the act of giving up or yielding oneself to another or the possession of something to another

V: I surrendered, said 6,170,281 back to the PTO. I believed said 6,170,281 was null and void at that point, due to the fact that I carefully read the Webster's definition of the word surrender. I was unaware of the correct point of law, which states the patentee is still liable for a patent that he has been ordered by an official of the government to surrender. I PREY, that you will forgive my lack of knowledge upon this mistake, BECAUSE!

VI: I have faithfully obeyed each and every ORDER, REQUEST, or SUGGESTION made by any official of the Patent and Trademark Office, since I am a

Conservative Republican and I have a deep respect for the law and the officials.

VII: I have always acted in a timely manner in response of any and every order, request, or suggestion and I have Paid all fees on time! Reasonable care has always been taken to adhere to the proper prosecution of the said patent 6,170,281, since numerous man hours of labor by the patentee have gone into this effort, and at great cost to a common laborer of low income!

VIII: Please! Do not allow the lack of knowledge within this one mistake to deprive me of my patent. Chen-Wen Jiang sent said Reissue(10-285,845) to Special Examiner Linda Shoal for what he said was a minor review. Ms. Shoals

has been very helpful in enlightening the patentee with a better understanding of the rules governing the maintenance fees. Ms. Shoals has been in possession of the said reissue application for review, and she stated that several cases still remain ahead of my application file.

IX: This patent 6,170,281 and reissue application 10-285845 are very important to me, therefore I have spent the past week trying to gain the proper knowledge to fulfill this Petition. the following steps have been taken to pay the fees and proper surcharges to the satisfaction of the PTO.

A: The letter of expiration was received by the Patentee on March 02, 2005

B: The Patentee took a day off of work to travel to the nearest computer that I have access to and get the proper PTO FORMS from your web site.

C: I diligently read over the forms and concluded that any reasonable Juror within your position would conclude that this delay in payment of the maintenance fee was due to an unavoidable set of circumstances which were beyond the control of the Patentee, due in part to my lack of knowledge and the great difference between the accepted definition of the word SURRENDER as stated within the Webster's dictionary and the usage made by the PTO rules. This may be the reason why the need to surrender the original patent is no longer a requirement, due to the apparent confusion that this caused, people like myself!

D: I have spent the better part of Sunday March 06, 2005, typing out my response. Although this mistake is very unintentional, I believe that the special circumstances involving my desire to faithfully carry out the direct orders of Examiner Chen-Wen Jiang has lead to this mistake. A mistake which I guarantee YOU will never happen again!

E: Two checks have been written upon this date 03-06-2005 made payable to the Director of the PTO. One check in the amount of 450 dollars, as instructed by a member of the Petitions office for the maintenance fee and a second check in the amount of 700 dollars for the surcharge fee.

F: A copy of this response will be faxed to appropriate fax number as is stated upon the Petition form.

G: This Petition and all accompanying materials afore mentioned will be placed within an EXPRESS MAIL ENVELOPE, documented by the Express Mail serial number and mailed to the Mail Stop Petition address as required. I believe that the mail date upon the Express Mail Envelope is considered by the PTO as the date of filing, that will be Monday, March 07, 2005!

P.S. Please contact me, Karl Vernon Lee Barnett, at 1-828-255-8314 (home) or at 1-828-279-3281 (cell) or fax me at 1-828-253-6937, if any additional fees or surcharges are required. I will promptly obey any request that you make!

Sincerely, Karl Vernon Lee Barnett

Privacy Act Statement

The Privacy Act of 1974 (P.L. 93-579) requires that you be given certain information in connection with your submission of the attached form related to a patent application or patent. Accordingly, pursuant to the requirements of the Act, please be advised that: (1) the general authority for the collection of this information is 35 U.S.C. 2(b)(2); (2) furnishing of the information solicited is voluntary; and (3) the principal purpose for which the information is used by the U.S. Patent and Trademark Office is to process and/or examine your submission related to a patent application or patent. If you do not furnish the requested information, the U.S. Patent and Trademark Office may not be able to process and/or examine your submission, which may result in termination of proceedings or abandonment of the application or expiration of the patent.

The information provided by you in this form will be subject to the following routine uses:

1. The information on this form will be treated confidentially to the extent allowed under the Freedom of Information Act (5 U.S.C. 552) and the Privacy Act (5 U.S.C. 552a). Records from this system of records may be disclosed to the Department of Justice to determine whether disclosure of these records is required by the Freedom of Information Act.
2. A record from this system of records may be disclosed, as a routine use, in the course of presenting evidence to a court, magistrate, or administrative tribunal, including disclosures to opposing counsel in the course of settlement negotiations.
3. A record in this system of records may be disclosed, as a routine use, to a Member of Congress submitting a request involving an individual, to whom the record pertains, when the individual has requested assistance from the Member with respect to the subject matter of the record.
4. A record in this system of records may be disclosed, as a routine use, to a contractor of the Agency having need for the information in order to perform a contract. Recipients of information shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).
5. A record related to an International Application filed under the Patent Cooperation Treaty in this system of records may be disclosed, as a routine use, to the International Bureau of the World Intellectual Property Organization, pursuant to the Patent Cooperation Treaty.
6. A record in this system of records may be disclosed, as a routine use, to another federal agency for purposes of National Security review (35 U.S.C. 181) and for review pursuant to the Atomic Energy Act (42 U.S.C. 218(c)).
7. A record from this system of records may be disclosed, as a routine use, to the Administrator, General Services, or his/her designee, during an inspection of records conducted by GSA as part of that agency's responsibility to recommend improvements in records management practices and programs, under authority of 44 U.S.C. 2904 and 2906. Such disclosure shall be made in accordance with the GSA regulations governing inspection of records for this purpose, and any other relevant (i.e., GSA or Commerce) directive. Such disclosure shall not be used to make determinations about individuals.
8. A record from this system of records may be disclosed, as a routine use, to the public after either publication of the application pursuant to 35 U.S.C. 122(b) or issuance of a patent pursuant to 35 U.S.C. 151. Further, a record may be disclosed, subject to the limitations of 37 CFR 1.14, as a routine use, to the public if the record was filed in an application which became abandoned or in which the proceedings were terminated and which application is referenced by either a published application, an application open to public inspection or an issued patent.
9. A record from this system of records may be disclosed, as a routine use, to a Federal, State, or local law enforcement agency, if the USPTO becomes aware of a violation or potential violation of law or regulation.
